

STATISTICS On CLUB PAGES
The player statistics on the club pages fall into three main categories. For each player there is a career list compiling all his league appearances and league goals up until the end of the 1998/99 season. For players who appeared in the F.R. Premier League last season there is also a record of their 1998/99 Premiership appearances and goals. For players who did not play in the Premier League during this season appearances and goals from the league they were playing in are shown. All players in the collection also have player ratings in key areas. These are based on performance statistics from the 1998/99 season provided by Opta Index and are graded according to their performance in comparison with other players who play in similar positions. Where a player did not appear in the F.A. Premier League last season our panel of experts have rated his ability in three key categories.

The secand area of player analysis gives a detailed record of players' career honours. "International Records" detail players' total appearances and goals in international competition. Senior international records are correct up until October 1, 1999. The cut-off date for Youth and '8' honours is July 12, 1999. "Italor Club Honours' shown cover top-flight club campetitions from around the world. Please note that honours are credited to players who have contributed to a trophy-winning season by playing for the club during the course of the competition and are still at the club at the end of the season. This may differ from actual honours awarded by the various Football fissociations.

The "Head to Head Goal Analysis" feature offers a detailed record of goals scored by the Premiership's best forwards during the 1998/99 season. Motch details are listed for each goal and the "Goal Analysis" Glogram Indicates where the goal was scored from. A special key also shows how a goal was scored - left foot, right foot or header.

The third category of statistics that appear on the club pages illustrate team performances. The "1998–99 Top Ten Goal Scorers" graph show the club's leading goal scorers in league, Cup, and European competitions. Where the leading goalscorer is no longer at the club on the final cul—off date he is not eligible for the "Top Scorer" sticker. The "Premier League Record 1998–99" shows the team's Premier League performance from last season in a number of key categories and also has a "Rierlin Rating" to illustrate the leam's success in these areas in comparison with other Premiership teams.

Welcome to Merlin's F.A Premier League 2000 Official Sticker Collection — the first football sticker collection of the 21st Century. As we enter the new millennium and the dawning of a new era in world football, it is incredible to think just how far and how fast our league has developed in the years since the creation of The F.A. Premier League in 1992. In the intervening years we have seen a quantum leap in quality and entertainment, as fans and world-class soccer stars alike have flocked to the Premier League to enjoy what is now rightly regarded as one of the very best leagues in the world.

The F.A. Premier League currently boasts the European Champions and with five other Premier League Clubs also enjoying European success, there is little doubt

that regular competition at the highest level has had a major impact on our domestic game. We are committed to developing our initiatives to make The F.A. Premier League the best domestic league in the World. I am confident that The F.A. Premier League's plans will have a positive and long-lasting impact on the quality of football played at both domestic and international level.

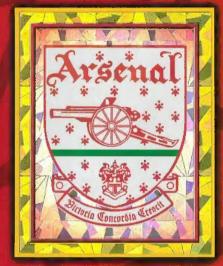

In such exciting and momentous times, what better way to mark this historic occasion than with a completed Merlin's F.A. Premier League Official Sticker Collection. This sticker collection mirrors The F.A. Premier League itself, in using ground-breaking methods to deliver the very best in Premier League entertainment.

Whether the new millennium is the start of a new era of Premier League sticker collecting for you, or whether you are a seasoned collector who has been with us since the first Merlin's F.A. McDonald's" Football Skills

McDonaid's are always striving to achieve perfection and this takes practice. Alan Shearer understands the importance of practice and this is what makes him stand out as one of England's leading marksmen. McDonald's, the Official Restaurant of the Premier League, have joined together with Alan Shearer to highlight five Premiership players with key skills that set them apart from their opponents. Alan offers his own Top Tip which will help make you a better footballer and a potential star of the future

David Beckham

្រស់វេក្សប្រ Good range of passing skills is essential lifting Premier League and Manchester United's David Beckham is arguably the best passer in the game. Beckham's ability to distribute the ball to his team-mates. with pin point accuracy regularly creates goal scoring opportunities and means he seldom loses possession of the ball

"David's passing ability is second to none. When we play together for England know can count on his passes and crosses to ach me which is a fantastic fee ing for

Alan's Top Tip

"Practice your passing with a friend by moving the ball backwards and forwards to each other Vary the distance between each other and try striking the ball with different parts of your foot to broaden your passing techniques. As your passing improves, try introducing obstacles to pass the ball over or around"

SECTING YOUR MAN

There are few more exciting sights than seeing a player take on, and beat, his opponent. One player who excels in this area is Alan Shearer's England strike partner Michael Owen who frequently scores phenomenal goals as a result of his dribbling ablirty,

ously M chael's electric pace helps um a great deal but it is his ball control en running at speed that really ables him to get past defenders.

Alan's Top Tip

"Practice running with the ball at your feet in an open space, it is important that you keep the ball under close control. Start off slowly, moving in a straight line and gradually increase your speed and vary your direction but always keep the ball close to your feet so defenders can't intercept the ball easily."

David Seamen

GOALKEEPING

Goalkeepers rarely get the praise they deserve but a good goalkeeper can make a huge difference. The outstanding form of England and Arsena, s David Seaman has helped England to the World Cup and Arsenal to Premier League victory.

Substar
"He is a truly excellent keeper and very
difficult to score past, you only have to look at how many goals Arsenal have conceded n recept seasons to see that, he reads the game very well is alert and always mposing in one on-one situations

Alan's Top Tip

"Goalkeeper's must always stay alert and focused. To help you practice, ask a friend to stand over you and throw the bar from short range while you let on the floor. Catch the ball and quickly throw it back to him. Keep the ball moving and ask your friend to vary their throws to keep you alert and sharp."

Glanifanco Zala

Good control enables a player to keep a step ahead of his opponents and create opportunities for himself or his team-mates A player whose exce ent control regularly sets him apart from defenders is Chelsea's Italian striker Gianfranco Zoia.

"Zola's superb close control makes it very difficult for defenders to get the ball. By having the ball where he wants it he can always retain possession and exploit the defence in an instant

Alan's Top Tip

"Your control is one of the few skills you can improve easily on your own - simply practice juggling the ball Regular practice will soon improve your overall game. Notionly will you find you can control a bal, quickly and easily with either foot but it shall also improve your balance and dexterity

Alam Shearer

2), CUITATI Putting the ball in the back of the net is the most important part of a game and no player does it better than Alan himself He has scored more Premier League goals than any other player so who better to tell you how it's done?

Shearer

"The most important thing when you have the opportunity to score is that you feel confident you can hit the back of the net. To do this requires power and precision.

Alan's Top Tip

"Get familiar with the goal by aiming the ball at a specific target within the posts. Gather together as many footballs as possible so you can quickly try again or adjust your technique if the shot misses the target. As you become more accurate, vary the target and the power of your shot to improve your shooting in different situations."

There's great news for football fans looking for a
FAN-tastic footballing day out, the F.A. Premier League
Hall of Fame in London has added six more Premier
League superstars to its amazing attraction. As well as
taking a tour around the biggest and best football Fun
Factory in the country, which is loaded with great
Interactive games, exclusive football memorabilia and top
video action, you can also get to see the brilliant waxworks
figures of Mark Hughes, Ruud Gullit, Ian Wright, Ian Rush, Tony Adams
and David Seaman. There's also a live media center so don't be surprised

if you get to be a star guest on a football show during your visit!

For those new to the Hall of Fame you can expect a total Premier League experience. First take a trip through time, then rub shoulders with the all-time greats in the Hall of Legends — you can find out why players like Stanley Matthews and George Best became so famous. For those who are more interested in Ian Wright than Billy Wright there's a great opportunity to relive the greatest moments of the Premier League in a special dedicated Premier League hall.

Supporters are honoured in the emotional and dramatic Hall of Fans – keep your eyes peeled for famous celebrity fans, you never know who you might bump in to! For those that are looking for something a little less energetic there's a chance to take it easy and enjoy some refreshments, you can watch the excellent Hope and Glory movie in the special in-house cinema, or play football video games in the interactive area.

The centrepiece of the attraction is the Hall of Fame itself, which houses the specially commissioned ultra-lifelike waxwork figures. In this soccer shrine you can get your picture taken with stars like Eric Cantona, Dennis Bergkamp and Alan Shearer. If your favourite player is not here then why not nominate him for induction into the Hall of Fame?

So if you're looking for a fun day out for the entire family why not take a trip to the F.A. Premier League Hall of Fame in London. Keep an eye out for the Hall of Fame Souvenir Programme on sale inside the attraction — it's got exclusive Merlin stickers inside!
